Social Programme

Friday 21st February 2020

Evening - Welcome Dinner

Take a ride up the iconic Skyline Gondola and be carried 450 metres above Queenstown to the top of Bob's Peak where you will enjoy the most spectacular views of Queenstown, The Remarkables and Coronet Peak. You will get the opportunity to have a couple of luge rides and then enjoy a relaxed dinner and a chance to mix and mingle with the delegates. Children and family are welcome to join us.

Dress: smart casual (flat shoes recommended)

Saturday 22nd February 2020

Afternoon Activity 1 - Bike the Bridges Tour - \$95.00

A 4 hour (15km) biking adventure on the Queenstown trails. You will be transported to Arrowtown and from here you will pick up your bike and follow the Arrow River Trail down-stream to where it meets the Kawarau River. You'll ride across 2 spectacular suspension bridges and then finish with a relaxed wine tasting in the Gibbston Valley before being delivered back to Queenstown.

Afternoon Activity 2 - Afternoon Wine Tour - \$140.00

Sample wines from both the Gibbston and Bannockburn wine sub-regions on this fun and interactive tour. Enjoy tastings at 3 varying cellar doors, take a guided tour through New Zealand's largest wine cave and relax with some local cheeses and premium wines.

Evening - Conference Dinner

We head out to the beautiful Central Otago wine country for our conference dinner at Gibbston Valley Winery where you will enjoy a truly unique venue with award winning wines and amazing cuisine.

NB: please note children cannot attend the dinner so a babysitter will need to be arranged through the hotel or <https://www.totsontour.co.nz/>

Dress: Smart

Vascular Society of New Zealand

Draft Programme

Crowne Plaza Hotel, Queenstown

Friday 21st February 2020

11:00am Registration Opens - Crowne II Room

11.00am Workshop - Lymphedematous limb assessment, treatment and management
- Prof Neil Piller

11.00am VSNZ Executive Meeting - Boardroom

Plenary Session 1 - Diabetic foot problems and more

1.00pm Evidence for prevention of diabetic foot ulcers - Prof Jon Golledge

1.25pm Regional variation in the risk of amputation among patients with diabetes - Dr Jason Gurney

1.45pm Vascular malformations- differential diagnosis and IR treatment options - Dr Martin Krauss

2.10pm Development and validation of a multivariable prediction model of perioperative mortality in vascular surgery; the NZ vascular surgical risk tool (NZRISK-vasc) - Mr Manar Khashram

2.25pm Q&A – panel discussion

2.35pm Afternoon Tea

Plenary Session 2 - Aneurysms

3.00pm Update on aortic aneurysm screening in NZ - Prof Justin Roake

3.15pm Presentation and outcomes of aortic vascular graft infections and mycotic aneurysms: a multicentre NZ study - Dr Anantha Narayanan

3.25pm Retrospective review of safety and suitability of preoperative CT angiogram in ruptured AAA
- Dr Bryan McManus

3.35pm Post-operative outcomes following PETTICOAT and STABILISE techniques for aortic dissections: a single centre experience - Kirin Tan

3.45pm A 5 year review of thoracic stenting in a Tertiary Hospital (Indications, Cerebral Perfusion and Mortality)
- Zoe Clifford / Peter Laws

4.00pm Wellington experience with aortic endograft explants - Dr Chey Haran

4.10pm Title TBC: Mr Ross Milner

4.30pm VSNZ Audit

4.45pm VSNZ Business Meeting (finish 5.30pm)

Saturday 22nd February 2020

Plenary Session 3: Lower limbs - arteries

- 8.30am Efficacy of structured home exercise in PAD: meta-analysis of randomised clinical trials -
Dr Dylan Morris
- 8.40am Mortality and patency of fistulas treated with drug coated balloons - a single centre retrospective
review - Dr Christina Popovic
- 8.50am Medical management of peripheral arterial disease - Prof Jon Golledge
- 9.15am Difficult decisions. A retrospective review of appropriate advanced care planning in the vascular
population - Dr Bryan McManus
- 9.20am Vascular surgeon and nurse practitioner FSA outcomes for intermittent claudication - Fiona Unac
- 9.30am Too old for a bypass? - Dr Sinead Gormley
- 9.40am Title TBC: Dr Ross Milner
- 10.00am Morning Tea

Plenary Session 4: Lower limbs - veins

- 10.30am Pressure and pressure gradients- are we getting what we need? - Prof Neil Piller
- 11.00am Impact of mild cognitive impairment on the outcome of venous leg ulcers - Dr Kelvin Ho
- 11.10am Short term outcome of catheter directed thrombolysis for acute extensive lower limb DVT from
popliteal access- single centre experience - Dr Arunesh Majumder
- 11.20am Near infra-red fluorescence imaging to demonstrate reflux in the superficial microvenous network of
the leg Part 1- comparison of fluorescence imaging, venography and resin vascular casts in amputated
limbs - Dr Nicholas Hall
- 11.30am Fluorescent dye imaging to demonstrate reflux in the superficial microvenous network of the leg Part 2-
fluorescent dye in live subjects - Dr Kari Clifford
- 11.40am The athlete's vein: venous adaptations of the lower limb in endurance athletes - Dr Kate Thomas
- 11.50am Popliteal vein compression, obesity and chronic venous insufficiency - Dr Rebecca Millen
- 12.00pm Obesity and the vascular sonographer - Gerry Hill
- 12.15pm Lunch

Sunday 23rd February 2020

Plenary Session 5: Carotid and other disease

- 9.00am Intraoperative shunting during carotid endarterectomy in Hawke's Bay - Dr Jordan Mann
- 9.10am Cerebral hyper-perfusion syndrome after carotid endarterectomy - a rare phenomenon with serious consequences - Dr Rohan Arasu
- 9.20am Facing the challenges of improving healthcare access, Reducing the Regional Variation Gap and Our Carbon Footprint: a single centre experience? - Dr Sinead Gormley
- 9.30am Supra-aortic bypass surgery: 10 years of experience at Waikato NZ - Dr Zoheb Williams
- 9.40am Tandem lesions during stroke clot retrieval - when and how should they be treated?
- Dr Martin Krauss
- 9.55am Risk factors for asymptomatic carotid artery disease among 2.4 million screening participants
- Dr Dylan Morris
- 10.05am Does interventional management of intermittent claudication work? - Prof Jon Golledge
- 10.25am Have we lost the patient in the quest for good science? - Prof Neil Piller
- 10.45am Morning Tea

Plenary Session 6: Papers / Interesting Cases

- 11.15am Door-to-door intervention for rAAA; a retrospective review of clinical practice in the metropolitan south region of Queensland and review of the current guidelines - Dr Bryan McManus
- 11.25am Predicting survival for high risk patients with AAA - can the impact of aortic size index predict mortality? - Su-Ann Yee
- 11.35am Management of vascular consultant outpatient recalls - Dr Elizabeth Foo
- 11.45am The benefits of the vascular nurse-led small aneurysm clinic - Fiona Cochrane
- 11.55am A single centre audit of timeliness and outcomes of intervention for asymptomatic threshold infrarenal AAA's - Dr Helena Smith
- 12.05pm Systematic review of mycotic aneurysms with Bacillus Calmette-Guerin infection
- Dr Kelvin Ho
- 12.15pm Vascular eagle's syndrome- first demonstrated evolution of a pseudoaneurysm
- Dr Christina Popovic
- 12.25pm Blunt abdominal trauma causing an isolated coeliac artery occlusion with conservative management- a case report - Dr Omar Mohyeldin
- 12.35pm Meeting Closes
